MEMORANDUM FOR THE RECORD

SUBJECT: USIB Disposal Agreements

25X1 1. [] Records Officer/OCR, recently called my attention to the fact that SR/OCR appears to have some problems operating under the above mentioned agreement with NSA. I suggested that he find out from SR the specific problems that they are experiencing so that I could take them up with [] Chief, Management Engineering, NSA. 25X1

25X1 2. On 30 September, [] advised me that discussion with some officials in SR indicated only general belief that the agreement would not work rather than a specific instance in which it had not worked. He says, however, that there is some general reluctance on the part of SR to follow the agreement exactly. On this same date I discussed the proposal with [] of NSA and he knows of no incident in which his agency has been requested to provide our agency with intelligence documents in conformity with the USIB Disposal Agreement. He reiterated that they at NSA are quite interested to see that the agreement is carried out by their people precisely as originally written. He proposes that any problem experienced in not getting adequate service be called to his attention immediately. 25X1
